Name:

---

Course:

CS 355

Assignment Number: 9

Semester:

Fall 2012

Assignment Type: Homework 7

---

Assignment Description:

Design and present a system that will allow you to run/test sorting routines.

Assignment Due Date:

Thursday, November 8, 2012 (first half of class)

To Be Included in Portfolio: YES

---

Total Grade: Idea(), Presentation()

---

You will be asked to present a 30 - 60 second presentation on your design to implement/run sorting routines. You should design for the possibility of testing new sorting routines with minimal disruption to the existing design of the system.

Presentation – 50 points – 10 points each

\_\_\_\_\_ Finished within time constraint

\_\_\_\_\_ Design was clearly explained

\_\_\_\_\_ Appropriate use of language

\_\_\_\_\_ Design could be understood and implemented by a programmer

\_\_\_\_\_ Presented design with confidence

Design – 50 points – 25 points each

\_\_\_\_\_ Design would allow for easy addition of a new sorting routine

\_\_\_\_\_ Design can be implemented
