NAME _____

CS 410   Research Assignment   Due Tuesday, September 2, 2014

Locate three sources from the internet related to research for your programming language.

1. Find a source which you recognize as reliable and discuss why you can trust this source.

2. Find a source which you recognize as unreliable for your research activity and discuss why you find it unreliable.

3. Find a source about whose reliability you are unsure.
